

## Tool and Die Maker

Scandic Springs has been a San Leandro employer for 52 years and is leader in coil springs, fourslide stampings, precision progressive stampings, and CNC wire forming. Scandic is the largest spring and stamping company in Northern California, serving a Fortune 500 customer base. We make custom parts such as battery contacts, EMI shielding, spring clips, latches and retainers, and Belleville washers.

As part of the critical manufacturing infrastructure, Scandic has safely remained open during the COVID pandemic, as a supplier to the automotive, aerospace, solar, and medical industries. Scandic has ample working space to social distance. We use daily temperature checks, workplace cleaning protocols, and masks at all times.

Scandic's tooling staff builds progressive dies up to 95 inches long, fourslide tooling, blanking dies, compound forming dies, and tooling with automatic in-die tapping.

### Experience:

- Journeyman level Tool and Die Maker
- Extensive experience building, maintaining, and troubleshooting progressive, compound, and blanking tools
- Conventional milling, lathe and surface, and form grinding
- Wire EDM proficiency is a plus
